Belle

Belle

A lantern like pendant with the form of a flower bud. Belle offers various lighting options due to the effect finish has on the shade's light output; the black stain or caramel limits the amount of light creating a moody environment, whilst the natural option glows like a lantern. Similar to our other lights, Belle is used to create atmosphere and drama, rather than primarily to illuminate a room. Belle is made from bamboo plywood that can be all natural or caramel.

Features

Shipped Kitset

Seed System kitset lightshades are on average 1/30th of the volume of the assembled light. This aims to help minimize the effects of shipping and to reduce the design's environmental footprint.

Compliance

CE (IEC 60598.2.1 Ed 1.1 IEC 60598.1 Ed 8.0)
AS/NZS (AS/NZS 60598.2.1)

Note: UL/cUL certified cordsets are supplied within the North American market sourced from UL/cUL manufacturers.

Care Instructions

All wooden and/or polycarbonate lights are intended for use in dry interior conditions only and can be cleaned with a soft cloth dampened slightly in warm soapy water when the light is switched off. Do not use detergents.

Light sizes

David Trubridge kitset lightshades come in various sizes, making it easy to find the right size to any interior space whether it's small or large.

EPD Certified

An EPD is a standardised and verified way of quantifying the environmental impacts of a product, based on a consistent set of rules that have been developed through a stakeholder consultation process.

Warranty

This light is warranted for three years from date of purchase for failure of parts.

David Trubridge PENDING SERIES

 This luminaire is compatible with bulbs of the energy classes:

874/2012 

Natural

Natural

All bamboo (our primary material) is secondary product, from renewable forests in China grown as a food source. We have visited these plantations and are satisfied with the quality of their systems.

Caramel

Caramel

Caramel bamboo starts out as natural and is carbonised using steam to caramelize the natural sugars which darken the bamboo. This process creates a different look without using chemicals.
