Nitkaur

Nīkau

The form of this light is based on the bulb and intersecting leaf forms of a Nīkau palm tree. Nīkau is the only indigenous palm tree in New Zealand, named apparently because unlike the coconut palm familiar to Polynesians which has coconuts, thus Nīkau is a slender clean looking palm tree. The fronds from the palm were traditionally used for thatching and weaving. Bamboo plywood is the main material which can be all natural, caramel or painted on one side thus creating a stock selection of 12 options.

Features

Shipped Kitset

Seed System kitset lightshades are on average 1/30th of the volume of the assembled light. This aims to help minimize the effects of shipping and to reduce the design's environmental footprint.

Compliance

CE

AS/NZS

(Declarations of conformity available on request).

Care Instructions

All wooden and/or polycarbonate lights are intended for use in dry interior conditions only and can be cleaned with a soft cloth dampened slightly in warm water when the light is switched off. Do not use detergents.

EPD Certified

An EPD is a standardised and verified way of quantifying the environmental impacts of a product, based on a consistent set of rules that have been developed through a stakeholder consultation process.

Warranty

This light is warranted for three years from date of purchase for failure of parts.

Technical Data

Nīkau

Dimensions	Width: 405mm / 16" Height: 1615mm / 64" Weight: 1.4kg / 3.08lb
Cordset*	3m / 9.8ft
Material	Bamboo plywood (Sourced from FSC accredited factory)
Fasteners	Nylon
Suspension	Hangs on cord
Packaging	880mm x 200mm x 70mm 35" x 8" x 3" 0.0123m³ / 0.435ft³ 2kg / 4lb

*Black comes with black cordset and fasteners. All others come with white cordset and clear fasteners. Custom lengths available on request.

Finish Choices

Natural

All bamboo (our primary material) is secondary product, from renewable forests in China grown as a food source. We have visited these plantations and are satisfied with the quality of their systems.

Caramel

Caramel bamboo starts out as natural and is carbonised using steam to caramelise the natural sugars which darken the bamboo. This process creates a different look without using chemicals.

Painted Lights

We use an acrylic low VOC (volatile organic compound) paint that is made in New Zealand. Colour swatches are available in all retailers. See the Resene website for more info.
