TRADITION AND RENEWAL

Danish design traditions have left a clear mark on Simon Legald's chair series, Herit, which is short for heritage. The series reflects his love of classic Danish furniture craftsmanship and rose from a desire to design a versatile and strong chair that unites the different eras of Danish design. A chair in which oak and polypropylene merge in tactful synergy to create a hard-wearing, maintenance-friendly and accessible design made for modern life.

PRODUCT FACTS

Description
The simple and honest style that characterizes Danish furniture history stands as a clear frame of reference for the Herit series. However, Herit is just as much a design that looks forward. Innovative production methods, new material compositions and timeless silhouettes give life to a chair that stands tall on its own.

Designer / Year Of Design
Simon Legald / 2018

Material
Shell: Polypropylene, PU foam with upholstery
Legs: Lacquered oak / Painted and lacquered oak

Construction
The polypropylene parts are molded with a core of foam. This innovative technique makes it possible to create thickness in the needed areas in order to obtain the best seating comfort and construct the sweeping lines of the design. The legs are made of solid wood. Herit comes assembled.

Maintenance
Shell: Clean with damp cloth.
Textile: Clean with textile or upholstery cleaner.
Leather: Clean with a damp cloth. Use warm water with soap flakes. Frequent vacuuming with a soft fitting is recommended for both textile and leather to preserve color and appearance.
We recommend to check and tighten screws every 3-6 months. Please make sure your choice of glides is suitable for the type of flooring. We recommend to check the glides every 3-6 months. If worn down, please replace. Please be aware that sharp objects can leave marks.

Accessories
Comes with PE glides. Felt glides can be purchased separately.
See Glides Overview.
Herit chair is compatible with our Chair Suspension.
