

Pad

Comfortable and streamlined,
classic and foresighted

normann
COPENHAGEN

Materials, tactility and shape

The Pad lounge series attains its special character from the combinations of materials, tactility and shape. Molded shells in oak veneer stand in contrast to a soft padded front while a metal frame adds strength and airiness. In full, a balanced design which captures the comfortable and the streamlined, the classic and the foresighted.

The shape is boxy, yet perfectly rounded; Organic texture and warmth flirt with cool shine in the meeting of wood, textile and metal. The front-padded design is as comfortable as it is elegant, making Pad the perfect addition to the sophisticated lounge or lobby.

► **Maintenance**

Shell: Clean with damp cloth.

Textile: Clean with textile or upholstery cleaner.

Leather: Clean with damp cloth. Use the foam from warm water with soap flakes. Make sure only to use ecological or perfume-free soap flakes. Frequent vacuuming with a soft fitting is recommended both for textile and leather to preserve color and appearance. Please be aware that sharp objects can leave marks. We recommend to check and tighten screws every 3-6 months. Please make sure your choice of glides is suitable for the type of flooring. We recommend to check the glides every 3-6 months. If worn down, please replace.

Accessories

Comes with PE glides. Felt glides can be purchased separately.

See [Glides Overview](#).
