Sunflower

Sunflower

Sunflower is a wall light shade that can be mounted over an existing wall sconce. It is a sculptural geometric form based on David's inspection and love of the patterns found in nature.

This is our first kitset wall shade. We envision seeing this used as a way to freshen up existing interiors or even as a sculptural lighting install.

Features

Seed System Kitset

Our kitset lightshades are on average 1/30th of the volume of the assembled light. This aims to help minimize the effects of shipping and to reduce the design's environmental footprint.

Compliance

CE

AS/NZS

(Declarations of conformity available on request).

Care Instructions

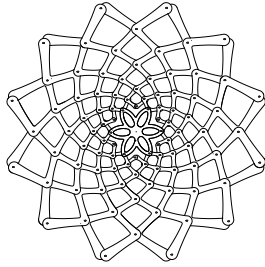

All wooden and/or polycarbonate lights are intended for use in dry interior conditions only and can be cleaned with a soft cloth or duster when the light is switched off. Do not use detergents.

Warranty

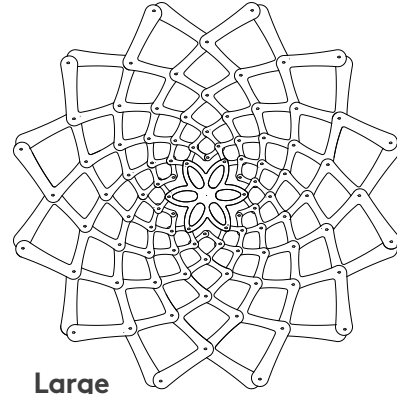

This light is warranted for three years from date of purchase for failure of parts.
