## A small table that reaches new heights

The Turn table is a small yet functional table in wood and steel. The name Turn refers to the rotational movement used to adjust the height of its round tabletop, gently raising it up from its bell-shaped steel base. With a minimum height of 41.5 cm and a maximum height of 66.5 cm, this small table can be easily adjusted to suits its existing surroundings.

## Collection Overview

**Turn Table**  
H: 41.5 - 64 x Ø55 cm

## Product Facts

### Description

Well-suited for use as a coffee or side table, the Turn table can easily be adjusted to its surroundings by turning the tabletop, which raises or lowers the table.

### Designer / Year Of Design

Simon Legald / 2020

### Material

Powder coated steel, painted and lacquered ash veneer and marble.

### Dimensions

H: 41,5-64 cm x Ø: 55 cm

### Construction

A spun steel base with metal tubes supports a marble table top or a pressed steel top with embedded veneer board. The ash veneer tabletop is lacquered in the same color as the steel base.

### Maintenance

Clean with a damp cloth. The surface should not be exposed to acidic foods or beverages, which can leave stains on the surface. Please be careful with sharp objects as they may cause scratches on the tabletop.
