

# Stay

by Michele De Lucchi

The Stay collection expresses sensitivity to nature. The collections's agile, playful, and organic structure is a consequence of eliminating the superfluous. The table is constructed from four pieces of wood that seamlessly join in the centre with a refined edge bevel design. The chair is composed in the form of a four-leaf clover, continuing the designs reference to natural forms.

# SW

by OEO Studio

OEO Studio's SW furniture series draws on the simple, functional forms championed by the early 20th-century Bauhaus movement to develop a collection of seating that is comfortable, elegant and contemporary.

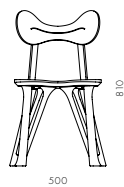

Created using solid wood, and upholstered in leather or fabric, the SW collection has been designed to bring clean-lined refinement to both homes and hospitality settings, demonstrating a purity of style through detail-focused craftsmanship, a soft, warming colour palette and high-quality materials.
