A FLEXIBLE SIDE TABLE DESIGNED FOR EVERYDAY ADAPTABILITY

Lift Side Table is a versatile and lightweight side table designed to adapt according to your needs. Whether placed beside a sofa, next to your bed, or used as a temporary work station, its height-adjustable function and light weight makes it effortlessly adaptable. A simple press of the button on the tabletop allows it to elevate smoothly, while a gentle push with applied pressure lowers it back down—intuitive and seamless.

The design is as functional as it is striking. The distinctive base construction features an elegant, curved support that extends into a sculptural, stable foundation, lending Lift a visually airy yet solid presence. This unique design detail sets it apart, making it both a practical and artistic addition to any space.
