

Petra

by Alexander Kling

The Petra collection combines soft and hard lines, all surfaces and components are given a special touch with a unique material, organic and natural, different in texture, color and shape. The Petra system, consisting of a wide variety of elements, is designed to create a modular structure and thus making it possible to realize a variety of the addition of modular furniture elements to your interior, allowing you to create individual design concepts.

The Petra modular system is designed to be used in different ways and can be used in any room. It is composed of individual elements and is fully adaptable to the requirements of the room. The system is designed to be used in a variety of ways, allowing you to create individual design concepts.

Q1
