Product Facts

Description

Off Chair provides all the classic functions of a task chair with essential technical elements such as gas lift and tilt functions beautifully integrated into the construction of the chair. The design offers immediate comfort, providing the ideal conditions for a good working posture throughout the day.

Design

Simon Legald / 2022

Material

Seat: Rigid PU foam with steel reinforcement structure. Armrests and base: Polished aluminum or black powder-coated aluminum. Cushion: Veneer and PU foam.

Construction

Off Chair consists of a seat made from rigid PU foam with full upholstery. Inside the upholstery and PU foam, the chair has a steel reinforcement structure. The base comes with either four static legs or five wheels with swivel and a tilt inclination of 10°, and is made of polished or black powder-coated aluminum. An optional cushion made of veneer and PU foam is available.

Maintenance

Textile: Clean with textile or upholstery cleaner.
Leather: Clean with damp cloth. Use warm water with soap flakes. Frequent vacuuming with a soft fitting is recommended for both textile and leather to preserve color and appearance.

Accessories

Comes with PE glides.
See [Glides Overview](#).
