COPENHAGEN

Clean and contemporary café tables

The Form series started with the idea of the perfect chair, and since its launch in 2014, the series has expanded into a wide range of possibilities that was the cornerstone of Simon Legald's vision. The timeless Form café table, available in four heights ranging from 65 to 110 cm, is the latest addition to the series. The table naturally complements the broad selection of Form dining tables and Form bar chairs and stools.

The simple but elegant café table consists of a black cylindrical steel base that can be combined with numerous tabletop options for the utmost in versatility. While the Form café table is the obvious choice when furnishing restaurants, bars, lobbies and reception areas, it also works perfectly as a small dining table in the home.

Product facts

Description
Timeless café tables with a centered steel base and wood, linoleum or marble tabletops complete the Form series' versatile table selection.

Designer / Year of design
Simon Legald, 2021

Material
Base in powder coated steel. Tabletop in polished marble, oak veneer or matte stainless steel.

Construction
Form café table consists of a cylindrical center base in powder coated steel available in four heights. The tabletop comes in various sizes and shapes available in polished marble, oak veneer or matte stainless steel.The marble tabletops are treated with a surface treatment that penetrates into the material and thereby provides a long-term protection. The surface should not be exposed to acidic foods or beverages, which can leave stains on the surface.

Maintenance
Clean with a damp cloth.
