Drape Lounge Chair High Black Steel in Ultra Leather
Head rest, piping and cushion in Hallingdal

DESIGNED FOR IMMENSE COMFORT AND RELAXATION

Drape is a lounge chair collection characterized by its sharp precision and soft curves. The upholstery is “draped” around the chair giving an elegant and organic outline, inviting you to take a well-deserved rest.

Drape is an uncompromising design, in which comfort and aesthetics go hand in hand.
A hard molded PU foam shell w. steel reinforcement ensures stability and strength, while a soft molded PU Foam seat gives optimum comfort, as it shapes itself according to the body contours making it ideal for relaxation and leisure.

PRODUCT FACTS

Description
Drape is an uncompromising design, in which comfort and aesthetics go hand in hand. A hard molded PU foam shell w. steel reinforcement ensures stability and strength, while a soft molded PU foam seat gives optimum comfort, as it shapes itself according to the body contours making it ideal for relaxation and leisure. With piping following the desired upholstery chosen for the seat, Drape can be modified down to the smallest detail. The wooden frame of the Drape Collection is made from from FSC™ certified (FSC-C163461) oak and oak from other controlled sources. The wood is lacquered or painted.

Designer / Year Of Design
Simon Legald / 2022

Material
Shell: Hard molded PU foam w. steel reinforcement
Cushion: Soft molded PU foam
Steel Legs: Powder-coated steel.
Wooden legs: FSC™ certified (FSC-C163461) oak and oak from other controlled sources. The wood is lacquered or painted.

Construction
A hard molded PU foam shell w. steel reinforcement ensures stability and strength, while a soft molded PU foam seat gives optimum comfort, as it shapes itself according to the body contours. The frame is available in either powder-coated steel or wooden options. The wooden frame of the Drape Collection is made from FSC™certified (FSC-C163461) oak and oak from other controlled sources. The wood comes either lacquered or painted. With piping following the desired upholstery chosen for the seat, Drape can be modified down to the smallest detail. It is consequently possible to choose one type of upholstery for the shell of the chair and another type for the piping, seat cover, and headrest if desired.
Piping, headrest, and seat cover options in Ultra Leather are limited to the following four: Black 41599, Brandy 41574, Cognac 41598, Camel 41571.

Maintenance
Textile: Clean with textile or upholstery cleaner. Leather: Clean with a damp cloth. Frequent vacuuming with a soft fitting is recommended both for textile and leather to preserve color and appearance. Correct care and maintenance is important in preserving a product's attributes and appearance. Please see our related guide for further recommendations.

Accessories
Comes with PE glides. Felt glides can be purchased separately.
See Glides Overview.
