PERFECT SHAPE AND ENDLESS POSSIBILLITIES

Form tells the story of a design company and a designer with the vision of creating the perfect chair. A tribute to form itself, the uncompromising design combines a strong design idiom with comfortable curves and an innovative industrial technique. The sleek mounting solution developed especially for the Form chair creates a natural integration between seat and base and makes it possible to mount different types of bases in the same openings. While retaining a homogenous and aesthetic design, the Form chair can be customized from more than 100.000 possible combinations of models, colors, textiles and bases, offering a wealth of opportunities for creative expression.

PRODUCT FACTS

Description
Form is a contemporary chair series offering impeccable comfort and a strong design idiom. The unique connectors developed especially for the Form series create a smooth transition between the seat and frame, while making it possible to seamlessly adapt the chair to various kinds of leg types. Form is available in a wide variety of variations including dining chairs with optional armrests and a range of barstools and bar chairs.

Designer / Year Of Design
Simon Legald / 2014

Material
Shell: Polypropylene / Polypropylene with upholstery
Legs: Powder coated steel / Chrome / Brass plated steel / Powder coated aluminum / Lacquered oak / Lacquered walnut / Painted and lacquered oak

Construction
Form is delivered assembled. The molded connectors match the legs in color, creating a seamless transition from legs to shell.

Maintenance
Clean with damp cloth.
